ADVANCED SERVICES

Options for future upgrades to enable value-add solutions such as Bill Payment and Pre-paid products.

TranRMS is a monitoring and cash management solution that you run from your personal computer. Features such as instant alerts on your cell phone and via email, as well as ability to download and archive electronic journal records, allow you to monitor the health of your ATMs 24/7. TranRMS increases your ATMs' uptime and lowers your operational costs.

TranRMS also allows you to upload and manage graphics and messages to your ATM remotely.
